Findings for Approval

Pursuant to Sierra Madre Municipal Code Section 17.88.050(A), for applications for uses that do not have the purpose of engaging in constitutionally protected expression, temporary use permits may be approved pursuant to the provisions of this chapter only upon the making of the following findings:

1. **That the temporary use permit is compatible with the applicable provisions of this code;** wherein the property is located within a commercial zone, the use of the property as a plant nursery is permitted and may otherwise be conditionally permitted as a permanent use; the commercial use will be temporary in nature, extending for a duration no greater than 45 days inclusive of setup and tear down
2. **The temporary use will not conflict with the general plan;** in that the use authorized by this temporary use permit serves to implement the following General Plan Objectives and Policies:
 - Objective L33:** Maintaining a commercial area designed to enhance pedestrian activity, preserve historic patterns of development and foster community values.
 - Objective L35:** Achieving a mix of uses which accomplishes a healthy balance of local services and visitor attraction while maximizing the City's revenues from property and other taxes.
 - Policy L35.2:** Accommodate a diversity of commercial uses intended to meet the needs of local residents.
 - Objective L36:** Conserving the City's water resources.
3. **The temporary use is a reasonable use of land given the purposes of the general plan, the land use designation and the zone in which the temporary use would be located;** the use authorized by this Temporary Use Permit as a native plant nursery is located adjacent to Arnold's Frontier Hardware. Both uses serve as a service and retail for home improvement purposes that would benefit the city in water conservation through landscape rehabilitation projects incorporating native and drought tolerant landscape.
4. **That the temporary use will not impede the reasonable use of land or the orderly development of land in the immediate vicinity;** the native plant nursery is a use in harmony with the existing hardware store immediately adjacent, thereby not unreasonably impeding the orderly development of land. Any use of lighting shall be shielded so as to respect the peace of neighboring residences. Any noise generated will be subject to Noise regulations.
5. **That the temporary use will not endanger the public health, safety or welfare;** in that the native plant nursery will serve to benefit the general public by encouraging landscape alternatives to conserve water.
6. **The applicant has not violated a condition of a prior temporary use permit within a 24-month period;** there are no prior violations of conditions of a prior temporary use permit; this is the second application filed for No Mow, LLC dba Hardy Californians at 283 W. Sierra Madre Blvd., for a native plant nursery within a 24-month period prior the proposed start date of the temporary use.
